comment	Julia	Foxworth	null	17 Lord Ashley Dr.	null	We should NOT support racial conciliation committee's recommendations to provide cash, build monuments, etc. There is no way that we can satisfy the injustices these people feel. We have to grow from these mistakes.		Racial Conciliation Committee	null	null	Feb 4 2022 3:25PM
comment	Lisa	Blake	null	28 Lord Ashley Drive	null	i am in 100 % support of Caroline Parkers amendments that prohibit CRT, defunding the police & Racial Conciliation.	?	amendment to ban CRT, defunding police & racial conciliation	null	null	Feb 4 2022 6:43PM
comment	Teresa	Shock	null	24 1/2 South Battery Street	null	I support Caroline Parker's amendments to the ordinance establishing the Commission.		Caroline Parkers Amendments	null	null	Feb 5 2022 2:33PM
comment	Rebecca	Hickok	null	1991 Vestry Drive 29414	null	I strongly support Establishing the HARC Committee. It is the vehicle to address long standing and systemic issues that perpetuate the racial hierarchy and disparate outcomes rampant here in Charleston. Vote to establish it tonight! With amendments in appendix 1A and with NONE of those in appendix 1B. Vote now to do the right thing- to assure all of us are treated fairly and justly. comment	Anne	Kisabeth	null	1853 Capri Drive	null	I support Caroline Parker's amendments to the ordinance establishing the coalition.		Coalition for racial harmony	null	null	Feb 7 2022 7:23AM
comment	Tim	Hill	null	15 Surfsong Road, Kiawah Island, SC	null	I support Caroline Parker's amendments to the ordinance establishing the Commission.		Racial Conciliation Commission	null	null	Feb 7 2022 10:37AM
comment	Tara	Hock	null	76 Warren St	null	This building's history and place in Charleston's African American story make it too important for demolition. Designed by Harvey Gantt, a Charleston native and the first African American to graduate from Clemson, its design was influenced by the longshoremen's work and is an excellent architectural example of its time. It is located in a gateway site and has the quality and scale that should set the tone for the Upper Peninsula as it continues to develop. 						building has architectural and cultural value and should be preserved to honor the legacy of the Longshoremen and Harvey Gantt. Thank You, Tara Hock 76 Warren St.					
comment	Sally	Webb	null	48 - B Gadsden Street, Charleston SC 29401	null	This landmark building should not be demolished and instead serve as a legacy to the longshoremen of our community and to the building's famous architect, Harvey Gantt. It's unique design and the long history and activism of the local chapter of the International Longshoreman's Association deserve a place in Charleston's architectural and cultural history. I fully support the Preservation Society of Charleston's request that these structures be incorporated into any new construction on the site.	000722	1142 Morrison Drive	null	null	Feb 7 2022 12:44PM
