comment	Marsha	Higgins	Maryville-Ashleyville Neighborhood Association , 970 Main Street, Charleston S C 29407	null	null	The Maryville-Ashleyville Neighborhood Association oppose the application for 829 St. Andrews Boulevard because this Development will cause great danger to our community. It will cause more car accidents and also injuries to pedestrians. The plan does not have a design to enter and exit 829 St. Andrews Boulevard	#2	829 St. Andrews Blvd. (TMS# 418-10-00-033)	null	null	Jun 3 2022 10:34AM

						<p>from Sycamore Avenue. We understand that the Design Review Board does not address traffic issues. However the Intersection of St. Andrews Blvd. and Sycamore Ave. is not safe. The Ashleyville residents and others already have difficulty entering and exiting our community everyday. The design does not address Sycamore Avenue or consider Ashleyville and other surrounding</p>

						communities, and how we all connect to each other. This has been ignored even after we have expressed our concerns in the past. The Maryville- Ashleyville Neighborhood Association oppose the application for 829 St. Andrews Boulevard, and request that the City of Charleston Design Review Board does not approve this application. Thank You For Your Consideration
