DESIGN REVIEW COMMITTEE PROCESS AND PROCEDURES

Background / Purpose:

Created by Mayor Joseph P. Riley, Jr., in 1981, the Design Review Committee is made up of City staff members who serve in various departments within the city which administer the public realm. Committee members are appointed to the Committee by the Mayor. Committee members do not have a set term in which they must serve, nor do they come up for re-appointment.

The purpose of the Design Review Committee is to review any changes which may affect the visual quality of City property, including interior and exteriors of buildings, streets and sidewalks, parking lots, parks, playgrounds and open spaces. Of particular concern are the original materials which make up our historic City. All work involving the removal, installation or repair to our historic building materials, such as brick, mortar, plaster, etc. or our street materials such as bluestone, Belgian block and cobblestones, should be reviewed by DRC.

Members of the Committee:

Jason Kronsberg, Chair, Robert Summerfield, Tom O'Brien, Robert Somerville, Clark DeCiantis, Matt Fountain, Tory Parish, Morgan Gundlach

- Proposed alterations to City streets, sidewalks.
