

# Westside

## Neighborhood Association

The Westside Neighborhood Association represents the Westside Neighborhood on the Charleston Peninsula. Over the generations, Westside has enjoyed a vibrant community where neighbors know each other, a tradition that continues to this day. Our association is comprised of volunteers who serve as officers and members. Our regular meetings are the fourth Thursday of the month at Arthur Christopher Gymnasium. Regular business is conducted where special requests, variances, and exceptions are presented to the group for discussion among other pressing issues the neighborhood may face. Additionally, the organization has been responsible for projects that involve livability, beautification, and youth mentorship.

The neighborhood has had significant African American cultural influence, including historic Burke High School at the geographical center and "Back da Green" where Ashton, Allway, and Norman streets are immediately adjacent to Gadsden Green.

Our association is diverse, and dedicated to advocating for the interests of all of its residents. Westside is one of the finest neighborhoods on the peninsula, representing a wonderful place to live, walk, eat, play and raise a family. With continued guidance and thoughtful input from the neighborhood, it will remain as such from many generations to come.
