ATTENTION EASTSIDE RESIDENTS

WHAT: Eastside has joined the Alternate Side & Signed Street Sweeping Program. This will keep the streets cleaner and help decrease flooding. This means that some streets will be swept at the same time every month, and you will need to move your car to let the street sweeper through at the designated times.

WHEN & WHERE: The streets in the program are swept on the third Thursday and Friday of each month. Check the signs on the street and the map on the back of this flyer to see which streets are in the program.

Phase 1 will be swept from 9:00 am - 11:00 am.
Phase 2 will be swept from 10:30 am - 12:30 pm.

The north and east sides of the streets will be swept on Thursdays.
The south and west sides of the streets will be swept on Fridays.
