If you do not see the merry go round spots marked on the wedge practice putting green, you can walk them off yourself.

3 ft would be one step, 40 ft would be 13 steps and 18 ft would be 6 steps. The first 18ft putt breaks right and the next 18ft putt should break left.

These scorecards will also be kept behind the pro shop counter if you ask the employees for them.

remember to log your practice and take a picture of the scorecard.
